<p>I realise that a lot of time and effort goes into producing the SMIs and I congratulate the team that has done this. However, there are a number of typographical errors.</p> <p>The page numbers refer to the PDF version</p> <ol style="list-style-type: none"><li>Page 9, para 2 - should be Loeffler instead of Loffler (I think!)Page 9 M. catarrhalis, para 1 should be <i>Neisseria</i> instead of <i>Neisserria</i>. This is also misspelled on page 16.</li><li>Page 11 <i>Kingella kingae</i> para 1 colonies when scrapped should be colonies when scraped; penultimate paragraph Nitrate are not reduced - singular noun and plural verb.</li><li>Page 12 P. immobilis para 1 - phenylalanine does not need a capital letter.</li><li>Page 18 para 3 should be amend instead of emend.</li><li>Page 18 MALDI-TOF para 2 should be MALDI instead of MADI. Otherwise it is fine.</li></ol>			
<b>Recommended Action</b>	<ol style="list-style-type: none"><li><b>ACCEPT</b> Spelling mistake has been corrected in the document.</li><li><b>ACCEPT</b> Spelling mistake has been corrected in the document.</li><li><b>ACCEPT</b> Spelling mistake has been corrected in the document.</li><li><b>NONE</b> The word “emend” although technically correct, the group agreed that it should be changed to “update” instead.</li><li><b>ACCEPT</b> Spelling mistake has been corrected in the document.</li></ol>
