

Educational Update

Monday 4 November 2019

The Royal College of Pathologists, 6 Alie Street, London, E1 8QT

[Directions to the venue](#)

Aims and objectives

The aim of this meeting is to provide an 'Educational Update' with a focus on credentialing, Shape of Training and the development of the new curricula. It is relevant to all those involved in the delivery of pathology training – including trainers, assessors, and senior trainees preparing to become consultants.
