

## Cytopathology Study Day

Friday 6<sup>th</sup> December 2019

This annual event is an update for pathologists and BMS working in Cytopathology. It will provide an overview of RCPATH documents relevant to cytopathology that have been written or revised this year. The recently proposed International terminology for reporting serous fluid samples will be presented. There is also a session dedicated to cytotechnology and molecular testing.

Trainee pathologists and BMS are encouraged to present interesting cases or audits to cover a wide range of topics in the afternoon session (20 min per presentation). Please contact [Kristen.pontello@rcpath.com](mailto:Kristen.pontello@rcpath.com) and [ashish.chandra@gstt.nhs.uk](mailto:ashish.chandra@gstt.nhs.uk) to discuss your participation and free registration to the event.

### **9:15 Registration and refreshments**

10:00 Welcome and introduction

Short presentations

10:15 RCPATH Tissue Pathways for Diagnostic Cytopathology (20min)

Dr Paul Cross

10:45 ROSE and reporting diagnostic cytopathology by BMS (20min)

Dr Anthony Maddox

11:00 Cytopathology training: challenges and opportunities (20min)

Dr Louise Smart

11:15 Lecture - The International system for reporting serous fluid cytopathology (30min)

Dr Ashish Chandra

### **11:45 Lunch**

12:45 Cytopreparatory techniques including cell blocks (30min)

Ms Nadira Narine

13:15 Molecular diagnostics (30min)

TBC

### **13:45 Refreshments**

14.15-16.15 Trainees session: Case presentations and audits to cover the following topics-  
Thyroid, Salivary gland, EBUS, EUS, Breast and Gynae cytology (20 min per presentation)

16:15 Close

**To be held at**

The Royal College of Pathologists, 6, Alie Street, E1 8QT
